### **Forward-Looking Statements**

Some of the statements in this press release may include, and the Company may make related oral forward-looking statements which reflect our current views with respect to future events and financial performance. Such statements may include forward-looking statements both with respect to us in general and the insurance and reinsurance sectors specifically, both as to underwriting and investment matters. Statements that include the words "should," "would," "expect," "estimates", "intend," "plan," "believe," "project," "target," "anticipate," "seek," "will," "deliver," and similar statements of a future or forward-looking nature identify forward-looking statements in this press release.

All forward-looking statements address matters that involve risks and uncertainties. Accordingly, there are or may be important factors that could cause the Company's run-off performance and the timing and amount of special distributions to differ materially from those indicated in the forward-looking statements. These factors include, but are not limited to, greater frequency or severity of claims and loss activity, uncertainties in our reserving process, changes to our tax status, credit risk related to our broker counterparties, assessments for high risk or otherwise uninsured individuals, possible terrorism or the outbreak of war, a loss of

key personnel, political conditions, changes in insurance regulation, operational risk, including the risk of fraud and errors and omissions, as well as technology breaches or failure, changes in accounting policies, our investment performance, the valuation of our invested assets, a breach of our investment guidelines, potential treatment of us as an investment company or a passive foreign investment company for purposes of U.S. securities laws or U.S. federal taxation, respectively, our dependence as a holding company upon dividends or distributions from our operating subsidiaries, the unavailability of capital in the future, developments in the world's financial and capital markets, government intervention in the insurance and reinsurance industry, illiquidity in the credit markets, changes in general economic conditions and other factors.

The foregoing review of important factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included herein and elsewhere, including the risk factors included in the Company's most recent annual financial statements posted on the Company's website. Any forward-looking statements made in this material are qualified by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, the Company or its business or operations. Except as required by law, the Company undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.
